MESSAGE FROM THE GOVERNOR.

The following message from the Governor was received and read:

EXECUTIVE DEPARTMENT, STATE OF CALIFORNIA.  
SACRAMENTO, April 22, 1929.

*To the Senate of the State of California.*

Senate Bill No. 212 is returned without my approval.

The intention of this bill was to protect the board of directors of irrigation districts from a possible liability through acts for which members of the board were in no way responsible. The measure, however, fails to accomplish this result, and the author agrees with me that "as written, the bill would place irrigation districts in a more unfavorable position than they now occupy."

Accordingly those interested have agreed that it is best to attempt no immediate change in the present law dealing with this subject, and I am therefore withholding my approval to this bill.

Respectfully submitted.

C. C. YOUNG, Governor.

It shall be unlawful for any person, firm, association or corporation except packers as above specified, by a reduction or extraction process to use sardines without obtaining a permit from the fish and game commission.

In order to obtain such permit, written application must be filed with said fish and game commission, setting forth the quantity of fish to be used, the location of the plant, process used and the nature of products to be manufactured out of the sardines to be received.

Thereupon the fish and game commission shall hold a hearing and the applicant shall furnish proof that the product to be manufactured out of such fish is fit for human consumption, is intended so to be used, and will, in fact, be used for human consumption and that either fifty per cent of the wet weight of such fish or all of the oil extracted from such fish will be used in the manufacture of such product within the State of California. If at any time it shall appear to the commission that neither fifty per cent of the wet weight of the fish received at said plant under such permit nor all of the oil extracted from such fish is being used to manufacture within the State of California a product fit for human consumption or that all of the product manufactured at said plant from such fish under said permit is not being used entirely for human consumption then the commission shall issue an order requiring the permittee to show cause before the commission at a time and place to be fixed by said commission why said permit should not be revoked. The time of the hearing shall be not less than five days after the service of said order to show cause. At such hearing, the commission shall take testimony and if the commission finds that any of the terms of the permit have been violated, it may revoke said permit or suspend the same for such period of time as to it may seem proper."

#### MESSAGE FROM THE GOVERNOR.

The following message from the Governor was received and read:

EXECUTIVE DEPARTMENT, STATE OF CALIFORNIA,  
SACRAMENTO, April 23, 1929.

*To the Senate of the State of California.*

Senate Bill No. 416 is herewith returned without my approval.

This bill is designed to place aircraft and aviators within the State under the regulation of Congress and the rules of the Federal Department of Commerce. This is a bill along lines of a policy with which everyone is in agreement, and it would most assuredly be signed except for two very vital omissions which should form part of any proper aviation legislation.

The first of these omissions has to do with the safeguarding of aviation regulation until the time of our next legislative session. The Attorney General has advised me that should Congress at its next session enact legislation on this subject materially

different from that which is incorporated in this bill, the provisions of this bill would probably no longer be legal and constitutional, thus leaving us without any aviation law at all.

It is admitted by everybody that this must not be permitted to happen. The Attorney General and Legislative Counsel have accordingly prepared a saving clause, whereby, in the event this bill should become unconstitutional, the State could carry out the desired purpose through an agency which would place in effect the appropriate federal regulations.

The second omission has to do with the regulation of unduly low flying over populated areas, and with the protection of the public against unnecessary stunt flying. The value of such a provision has been demonstrated by the lamentable accident which took place only a day or two ago. While this dangerous practice is covered in a measure by federal regulations, the facilities of the federal regulatory officials are admittedly inadequate to sufficient public protection.

If it had been possible, these two necessary additions—one for legal safeguards and the other for public protection—would have been incorporated as amendments to the present bill; for without them the bill, though incorporating principles with which everyone agrees, is fatally defective as a safe and permanent aviation law. This bill has passed both houses, however, and it is therefore too late to amend it.

Fortunately there is now pending on third reading in the Senate a companion Assembly measure, embodying exactly the principles and provisions of this Senate bill. Its author has agreed that the two omissions above noted shall be added as amendments to this companion bill, thus forestalling a possible situation where the State might be left without any aviation law, and also affording the added protection to the public which is the chief purpose of such a law. The resulting legislation will therefore give to aviation exactly the legislation which it is seeking, with the additional safeguards which these two amendments offer.

Accordingly, upon the advice of the Attorney General, I am returning Senate Bill No. 416 without my approval.

Respectfully submitted.

C. C. YOUNG, Governor.

#### SUSTAINING GOVERNOR'S VETO.

The question being: Shall Senate Bill No. 416 become a law notwithstanding the objections of the Governor?

The roll was called, and the veto of the Governor sustained by the following vote:

AYES—None.

NOES—Senators Allen, Breed, Canepa, Carter, Cassidy, Christian, Cleveland, Crowley, Edwards, Evans, Follom, Garrison, Gray, Handy, Inman, Jones, Ray, Lyon, Maloney, McCormack, McKinley, Merriam, Murphy, Nelson, Pedrotti, Sharkey, Slater, Tubbs, Wagy, Weller, West, and Young—31.

That each and all of the above acts and declarations of the said Carlos S. By Senator Rochester:

WHEREAS, The best interests of the school child demand that teachers whose efficiency is impaired due to old age or disability retire from the school system; and WHEREAS, The present retirement pension is so inadequate that this class of teacher is continuing in the system to the detriment of the school child; and

WHEREAS, Teachers render to the economic world, as well as to the home and State an invaluable service, and therefore should be adequately cared for in their old age and infirmity; now, therefore, be it

Resolved, That this council does hereby endorse Senate Bill No. 673, as approved by the Senate Finance Committee, and do hereby petition the Senate and Assembly to pass Senate Bill No. 673, and respectfully urge Governor Young to sign it to the end that the teachers and children of the schools may benefit thereby, and that a copy of these resolutions be sent to each member of the Legislature, the Clerk of the Senate and of the Assembly, and to Governor Young.

By Senator West:

April 24, 1929.

*To the Honorable Legislature of the State of California.*

The South Basin Property Owners Association, comprised of owners of over 16,000,000 square feet, or 60 per cent, in the South Basin area, most earnestly and most respectfully petition the Legislature of the State of California to not pass Senate Bill No. 524 now pending in the Senate of the State of California.

The reasons which actuate your petitioners may be summarized as follows:

1. The right of the property owners to petition secured to all other property owners in the State in reclamation matters should be observed.

2. Over 60 per cent of the property owners are opposed to this legislation at this time.

3. There is no public demand for this legislation.

4. No survey is needed because the property owners, the Coast and Geodetic Survey, the Harbor Board and the United States Navy have all made surveys and borings, and these are available without cost.

5. This bill tentatively commits the State of California to an approval of this project, whereas the executive officers of the State have not been consulted, nor has any information been received from them in connection with it.

6. No reclamation of that area can be accomplished until a seawall shall have been constructed on the property of the State of California at an estimated cost of \$6,000,000.

7. The plans of the Board of Harbor Commissioners do not contemplate any seawall or development work in that location for a long time in the future. Their plans just made public show that every bit of development and industrial reclamation planned for several years is all north of Hunters Point.

8. Several prominent authorities on real estate titles have informally expressed an opinion that this bill would set up a lien which may run for a long time against all of the property, thus preventing sales or financial negotiations upon its value.

Wherefore, Your petitioners respectfully submit that this legislation is ill-advised at this time, premature and without proper foundation and exercise their constitutional rights of petition in placing the matter before your honorable body.

SOUTH BASIN PROPERTY OWNERS ASSOCIATION.

By AUG. TAYLOR, President.

F. H. AINSWORTH, Secretary.

Having authority from over 60 per cent of the property owners.

## MESSAGES FROM THE GOVERNOR.

The following messages from the Governor were received and read:

EXECUTIVE DEPARTMENT, STATE OF CALIFORNIA.

SACRAMENTO, April 27, 1929.

*To the Senate of the State of California.*

I am herewith returning Senate Bill No. 201 without my approval.

This bill, together with its companion bill, Senate Bill No. 202, was designed to make the custody of the criminal insane a charge against the State, instead of

against the county, as seems to be the case at present. In such cases, at least where the crime in question amounts to a felony, this would seem a perfectly reasonable change. The State bears this expense when the person concerned is merely a criminal, and it seems proper that the same should be true in the case of the "criminal insane."

However, Bill 201 goes farther, and transfers the charge from the county to the State in the case of inebriates—a procedure which the author assures me was not intended, but which crept in owing to the wording of the Penal Code section which it was proposed to amend. This might easily result in a very grave financial burden to the State.

Accordingly I am signing Bill 202, which seems to accomplish the purpose intended; and after consultation with the author, am withholding my approval from Bill 201, which went further than was evidently contemplated.

Respectfully submitted,

C. C. YOUNG, Governor.

#### SUSTAINING GOVERNOR'S VETO.

The question being: Shall Senate Bill No. 201 become a law notwithstanding the objections of the Governor?

The roll was called, and the objections of the Governor sustained by the following vote:

AYES—None.

NOES—Senators Allen, Baker, Breed, Canepa, Carter, Cassidy, Christian, Cobb, Crowley, Evans, Fellom, Handy, Jones, Ray, Maloney, McCormack, McKinley, Merriam, Murphy, Pedrotti, Sharkey, Slater, Tubbs, Wagy, Weller, and Young—25.

Also:

EXECUTIVE DEPARTMENT, STATE OF CALIFORNIA,  
SACRAMENTO, April 27, 1929.

*To the Senate of the State of California.*

Senate Bill No. 801 is herewith returned without my approval.

This bill was proposed, or at least endorsed, by the Northern California Chapter of the American Institute of Architects, and was intended for the very laudable purpose of making a fuller and better use of the rear of inside lots, when the front is used for some such purpose as an apartment or lodging house.

However, as frequently happens in the case of technical legislation of this kind, the wording of the bill fails to safeguard the evident intent. I have had it analyzed with extreme care, both by the Attorney General's office and by the Legislative Counsel, and both unite in pointing out places where the bill would permit structures clearly not contemplated by its author or sponsors.

For instance, while it appears probable that those who prepared the bill intended the structures in rear yards to be only one story in height, and of fireproof material, neither of these limitations is assured by the wording of the measure. As a matter of fact, such structures might be permitted by the bill to be two, three, or more stories in height, and might be built of such materials as to create a dangerous fire hazard—none of which contingencies was evidently intended.

Objections to these debatable provisions of the bill have come from the National Lumber Manufacturers' Association, the League of California Municipalities, the Los Angeles Department of Health, the Los Angeles Department of Building and Safety, as well as by the building department and building inspectors of other California cities. Finally, our own State Division of Sanitation and Housing strongly opposes the bill as drawn, and urges that my approval be withheld.

I have today been in communication with an official of the Northern California Chapter of the American Institute of Architects, which I have mentioned above as originally sponsoring this measure. I was advised that the bill be not signed, undoubtedly with the thought that all parties in interest might subsequently get together and prepare a measure which will be so clear in its construction that it will avoid the conflicts and disputes which this bill would be practically certain to bring about.

For these reasons, I have felt compelled to withhold my approval of the bill in its present form.

Respectfully submitted,

C. C. YOUNG, Governor.

SEC. 3. A new section is hereby added to said act to be numbered 3a and to read as follows:

Sec. 3a. Such petition shall set forth and describe the proposed boundary of such district, and shall pray that the same be created under the provisions of this act, and the text of such petition shall be published for at least two weeks before the time at which the same is to be presented in a newspaper printed and published in the county where the petition is presented, and also a newspaper printed and published in each municipality or part thereof included in such proposed district, and if there be no newspaper published in any such municipality the text of such petition shall be posted for the same length of time as required to be published, in three public places within such municipality or part thereof included in such proposed district, and the text of such petition so published or posted shall have annexed thereto a notice stating the time of the meeting of the board of supervisors at which the same will be presented. SEC. 5. A new section is hereby added to said act to be numbered 3c and to read as follows:

Sec. 3c. Upon such hearing of such petition the board shall determine whether or not the public necessity or welfare of the proposed territory and of the inhabitants thereof requires the formation of such district, and shall also determine whether or not said petition complies with the provisions of this act, and for that purpose must hear all competent and relevant testimony offered in support of or in opposition thereto. A finding of the board of supervisors in favor of the genuineness and sufficiency of the petition and notice shall be final and conclusive against all persons except the State of California, upon suit commenced by the attorney general. If, from the testimony adduced before said board it appears to said board that the public necessity or welfare requires the formation of such district, the said board shall, by an order entered on its minutes, declare such to be its finding, and shall further declare and order that the territory within the boundaries so fixed and determined, be created a mosquito abatement district, under an appropriate name to be selected by said board, which name shall contain the words "mosquito abatement district." The county clerk shall immediately cause to be filed for record in the office of the county recorder of each county in which any portion of the lands embraced in such district is situated, and must also forward to each board of supervisors of each of the other counties, if any, in which any portion of the district is situated, and also must cause to be filed with the secretary of state a certified copy of such order of the board of supervisors, and from and after the date of the filing of such certified copy with the secretary of state, the district named therein shall be deemed incorporated as a mosquito abatement district, with all the rights, privileges and powers set forth in this act, or necessarily incident thereto.

(b) If the district is situate entirely within one county and includes incorporated and unincorporated territory one trustee shall be appointed from the district at large by the board of supervisors of the county and one trustee from each municipality, the whole or part of which is situate in the district, by the governing body of such municipality; *provided*, that if the board of trustees thereby created consists of less than five members then the board of supervisors shall appoint from the district at large enough additional members to make a board of five trustees;

(c) If the district is situate in two or more counties and is comprised wholly of unincorporated territory, one trustee shall be appointed from each county or portion of a county situate in the district, by the board of supervisors; *provided*, that if the board of trustees thereby created consists of less than five members then the board of supervisors of the county in which the greater portion of the district is situate shall appoint from such district at large enough additional members to make a board of five trustees;

(d) If the district is situate in two or more counties and consists both of incorporated and unincorporated territory one trustee shall be appointed by the board of supervisors of each of said counties from that portion of the district lying in each

of such counties respectively, and one trustee from each municipality or portion thereof situate within the district, by the governing body of such municipalities respectively: *provided*, that if the board of trustees thereby created shall consist of less than five members, then the board of supervisors in which the greater portion of the district is situated shall appoint from the district at large enough additional members to make a board of five trustees. The governing board of such district shall be called "The board of trustees of \_\_\_\_\_ mosquito abatement district." Each trustee appointed by a municipal board shall be an elector of the municipality from which he is appointed, and a resident of that portion of the municipality which is situate within the district. Each trustee appointed from a county or portion of a county shall be an elector thereof and a resident of that portion of the county which is situate within the district. Each trustee appointed at large shall be an elector of the district.

All such trustees shall hold office for the term of two years from and after the second day of the calendar year succeeding their appointment: *provided, however*, that the first board of trustees appointed in any district under the provisions of this act shall at their first meeting so classify themselves by lot that one-half of their number, if the total membership is an even number, and if uneven then that a bare majority of their number shall go out of office at the expiration of one year and the remainder at the expiration of two years from the second day of the calendar year next succeeding their appointment.

SEC. 7. Section 7 of said act is hereby amended to read as follows:

Sec. 7. The board of trustees of each mosquito abatement district shall at least fifteen days before the first day of the month in which the board of supervisors of the county in which such district is situate, is required by law to levy the amount of taxes required for county purposes, furnish to the board of supervisors and to the county auditor, respectively, or if the district is not entirely within one county then as hereinafter provided to the board of supervisors and auditor of each county in which any portion of the district is situated, an estimate in writing of the amount of money necessary for all purposes required under the provisions of this act during the next ensuing fiscal year.

SEC. 8. A new section is hereby added to said act to be numbered 7a, and to read as follows:

Sec. 7a. If the district is in more than one county the total estimate as provided for in the preceding section shall be divided by the board of trustees in proportion to the value of the taxable property of the district in each county. This value must be determined from the values of the last equalized assessment rolls of such counties. When such division of the estimate has been made the board shall furnish the supervisors and auditors of the respective counties a written statement of that part of the estimate apportioned to that county.

SEC. 9. A new section is hereby added to said act to be numbered 7b and to read as follows:

Sec. 7b. The board of supervisors of each county wherein is situated a mosquito abatement district or any part thereof must annually, at the time of levying county taxes, levy a tax to be known as the "\_\_\_\_\_ mosquito abatement district tax," sufficient to raise the amount reported to them by the district board of trustees as herein provided. The board of supervisors must determine the rate of such tax by deducting fifteen per cent for anticipated delinquencies from the total assessed value of the taxable property of the district within the county as it appears on the assessment roll of the county, and then dividing the sum reported to said board of supervisors by the board of trustees as required in that county to be raised, by the remainder of such total assessed value, provided that the maximum rate of the tax must not be greater than ten cents on each one hundred dollars of taxable property of the district in that county.

SEC. 10. A new section is hereby added to said act to be numbered 7c and to read as follows:

Sec. 7c. Whenever it appears to the board of trustees of such district that the amount of funds required during the next ensuing fiscal year shall exceed the maximum amount which the supervisors are authorized to levy for the annual district tax, as hereinabove in this act provided, then said board of trustees may in their judgment call an election and submit to the electors of the district the question whether a tax shall be voted for raising the necessary additional funds, and notice thereof shall be published for at least four weeks prior to such election in a newspaper printed and published in such district: *provided*, that no particular form of ballot shall be required nor shall any informalities in conducting such election invalidate the same, if the election shall have otherwise been fairly conducted. At such election the ballots must contain the words "Shall the district vote a tax to raise the additional sum of \$\_\_\_\_\_?" The board of trustees shall canvass said votes cast at such election and if a majority of the votes cast are in favor of the imposition of said tax the board of trustees must report the same to the board of supervisors of the county wherein the district is situated, stating the additional amount of money required to be raised: *provided*, that if the district is situated in more than one county said additional amount shall be divided by the board of trustees

in proportion to the value of the taxable property of the district in each county, determined from the last equalized assessment rolls of such counties, whereupon the board shall furnish the supervisors and auditors of the respective counties a written statement of that part of said additional amount apportioned to that county. The board of supervisors of each county shall at the time of levying county taxes, levy an additional tax upon all of the taxable property in the county and in the district voting such additional tax sufficient to raise the amount voted, or if the district is situated in more than one county, that portion of the additional amount apportioned to that county.

SEC. 11. A new section is hereby added to said act to be numbered 7d and to read as follows:

Sec. 7d. All taxes levied under the provisions of this act shall be computed and entered on the county assessment roll by the county auditor and collected at the same time and in the same manner as state and county taxes; and when collected shall be paid into the county treasury for the use of the district.

If the district is in more than one county the treasury of the county wherein the district was organized shall be the depository of all the funds of the district. For this purpose the treasurers of any other counties wherein is situated a portion of the district must, at any time, not oftener than twice each year, upon the order of the board of directors, settle with said board and pay over to the treasurer of the county where the district was organized, all moneys in their possession, belonging to the district. Said last named treasurer is authorized and required to receive and receipt for the same and to place the same to the credit of the district.

SEC. 12. A new section is hereby added to said act to be numbered 7e and to read as follows:

Sec. 7e. The funds shall be withdrawn from the county treasury upon the warrant of the board of trustees of such district signed by the president or acting president of the board, and countersigned by its secretary.

SEC. 13. Section 8 of said act is hereby amended to read as follows:

Sec. 8. Any territory, incorporated or unincorporated, lying adjacent and contiguous to a mosquito abatement district, whether in the same county or in different counties, may be added and annexed to such district, at any time, upon proceedings being had and taken as in this act provided. The board of trustees of such district, upon receiving a written petition therefor containing a description of the new territory sought to be annexed to such district, signed by registered voters within the boundaries of the territory proposed to be annexed equal in number to at least ten per cent of the number of votes cast in said territory for the office of governor of the state at the last general election prior to the presentation of the petition, must set the petition for hearing and give notice thereof by publishing a copy of the petition together with notice of the time and place set for the hearing, in one newspaper published in each county in which any part of the district or of the territory proposed to be added to the district is situated, and in one newspaper published in each municipality situate wholly or in part within the territory proposed to be added to the district: *provided*, that if there be no newspaper published in any such municipality then a copy of the petition and of said notice shall be posted for the same length of time in three public places within such municipality or part thereof included in said territory proposed to be annexed. Not more than five of the names attached to said petition need appear in such publication or posting, but the number of signers shall be stated. At the time set for the hearing, or at such time or times to which it may be adjourned by the board of trustees, the board of trustees of the district shall hear the petition and those appearing thereon and also all protests and objections to the same and may adjourn such hearing from time to time not exceeding two months in all. On the final hearing said board shall make such changes as by the board may be deemed advisable in the boundaries of the territory proposed to be annexed, and shall define and establish such boundaries, and shall determine whether or not said petition complies with the provisions of this act and for that purpose must hear all competent and relevant testimony offered in support of or in opposition thereto. The failure of any person interested in said district, or in the matter of the proposed annexation of territory to said district, to protest or object to the said proposed annexation shall be deemed and taken as an assent on his part to the change in the boundaries in the district as prayed for in the petition or to such a change thereof as will include a part of said lands. The filing of such petition with said board as aforesaid shall be deemed and taken as an assent on the part of each and all of such petitioners to such a change in the boundaries in the district as may include the whole or any portion of the lands described in the petition. If upon the hearing before said board it appears that the petition and the proceedings thereon comply with the provisions of this act and that it is desirable and to the interests of the district and of the territory proposed to be annexed that the territory proposed to be annexed with the boundaries as fixed and determined by the board should be annexed to and become a part of the district and the board so finds, the board shall order the boundaries of the district to be changed so that

said territory, or such portion or portions thereof as the board shall deem it desirable and for the best interests of the district and of said territory to include, shall be included within the district. The order shall describe the boundaries of the land so included within the district and also that portion of the boundary of the district which coincides with the boundary of the land so included, and for the purposes of said order the board may cause a survey of such portion of said boundaries as may be deemed necessary. If more than one petition for the annexation of territory has been presented the board may in one order include within the district any number of separate tracts of land. Said order shall be entered in the minutes of the board and a certified copy thereof shall be filed with the secretary of state and with the county clerk and with the county recorder of each county in which such mosquito abatement district or any part thereof is situated. From and after the date of the filing and recording of the certified copies of such order the territory named therein shall be deemed added and annexed to and form a part of said mosquito abatement district, with all the rights, privileges and powers set forth in this act and necessarily incident thereto. If the property so proposed to be annexed is included within a municipality, consent to such annexation shall first be obtained from the governing body of such municipality, and an authenticated copy of the resolution or order of such board so consenting to such annexation, shall be attached to the petition, and be made a part thereof.

From and after the annexation of territory to a mosquito abatement district the board of trustees shall consist of the number and shall be appointed in the same manner as prescribed by the provisions of section 4 of this act, for a district originally formed with boundaries the same as the boundaries of the district after such annexation; *provided*, that members of the board of trustees in office at the time of such annexation shall continue to serve as trustees during the remainder of the terms for which they have been respectively appointed.

SEC. 14. Section 9 of said act is hereby amended to read as follows:

Sec. 9. The district may at any time be dissolved upon the vote of two-thirds of the qualified electors thereof, upon an election called by its board of trustees upon the question of dissolution, and the proposition which shall be submitted to the electors at such election shall be as follows: "Shall the district be dissolved?" Such election must be called and held; and notice thereof shall be published for at least four weeks prior to such election in a newspaper printed and published in such district. If two-thirds of the votes at such election shall be in favor of the dissolution of the district, the board of trustees shall certify such fact to the secretary of state, and upon receipt of such last mentioned certificate, the secretary of state shall thereupon issue his certificate reciting that the mosquito abatement district (naming it) has been dissolved, and a copy of such certificate of the secretary of state shall be transmitted to and filed with the county clerk of each county in which such mosquito abatement district, or any part thereof, is situated. From and after the date of such certificate the district named therein shall be deemed disincorporated, and the property of the district shall thereupon vest in the county, wherein said district is situate; *provided*, that if the district at the time of its dissolution is situate wholly within the boundaries of a single municipality its property shall thereupon vest in such municipality; *provided, further*, that if the district comprises unincorporated territory alone and is situate within two or more counties, then its property shall be ratable apportioned amongst the several counties in proportion to the assessed value of the property included within the district in each county as shown upon the last equalized county assessment rolls; *provided, further*, that if the district comprises incorporated and unincorporated territory whether situate in one or more counties, then, in such event, its property shall be ratable apportioned amongst the municipality or municipalities and the county or counties in proportion to the property in the district within each municipality or county respectively as shown upon the last equalized county assessment rolls; *provided, however*, that any real property, easements or rights of way, belonging to said district shall, in such event, remain the property of the municipality wherein the same is situate, if situated within incorporated territory, otherwise the same shall vest in and remain the property of the county in which situate.

*It is provided, however*, that if at the time of the election to dissolve a mosquito abatement district there be outstanding any indebtedness of the district then in such event the vote to dissolve the district shall dissolve the same for all purposes except only the levy and collection of taxes for the payment of such indebtedness and for the payment of expenses of assessing, levying and collecting the same and from the time such district is thus dissolved and until such indebtedness with the interest thereon, if any, is fully paid, satisfied and discharged the board of supervisors of the county in which the district or the greater part thereof is situate is constituted, *ex officio*, the board of trustees of the district, and it is hereby made the duty of such board to levy or cause to be levied such taxes and perform such other acts as may be necessary in order to raise money for the payment of such indebtedness and such interest.

SEC. 15. A new section is hereby added to said act to be numbered 12, and to read as follows:

Sec. 12. Any two or more mosquito abatement districts having territory lying contiguous may be consolidated as in this act provided. Whenever in the judgment of the board of trustees of a mosquito abatement district it is for the best interest of such district that it be consolidated with one or more other districts organized under the provisions of this act it may by a two-thirds vote of the trustees adopt a resolution reciting such facts, declaring the advisability of such consolidation and the willingness of the board to consolidate, and forward a copy thereof to the board of trustees of each of the other districts with which consolidation is proposed. It shall thereupon be the duty of the board of trustees of each of such other districts to consider said proposal and give notice of its decision thereon to the board making the proposal. If each of such other boards, by two-thirds vote of its membership, adopts a resolution in favor of consolidation and declaring its willingness to consolidate, it shall be the duty of the board of trustees of each district proposed to be consolidated forthwith to call a special election in its district at which shall be submitted to the electors of such district the question whether or not said consolidation shall be effected. The said election shall be called and conducted, and the returns thereof canvassed and declared so far as practicable in accordance with the requirements of this act for submission to the voters of a district of the question whether or not the district shall vote a tax to raise an additional sum of money in any year. The ballot shall contain the words "Consolidated—yes" and "Consolidated—no," or words equivalent thereto, and if a majority of the votes cast in each district are in favor of consolidation then such districts shall be consolidated.

The returns of the election in each district shall be declared by the board of trustees thereof, whereupon each such board of trustees shall cause the results thereof to be certified to the board of supervisors of the county in which the districts or the greater portion of the land therein, as consolidated, are situated. If upon such returns it appears that a majority of the votes cast in each district are in favor of consolidation, then said board of supervisors shall so find and declare by order entered in its minutes, and cause a certified copy of said order to be transmitted to the board of supervisors of each of the other counties, if any, in which any portion of the district, as consolidated, is situate, and cause a like copy to be recorded in the office of the county recorder of each of the counties in which any portion of the district is situate, and also cause to be filed a like copy in the office of the secretary of state. From and after the date of such transmission, recording and filing, the territory within such districts shall be deemed merged and consolidated into and form a single consolidated mosquito abatement district with all the rights, privileges and powers set forth in this act and necessarily incident thereto.

From and after such consolidation the board of trustees of the consolidated district shall consist of the same number and shall be appointed in the same manner as prescribed by the provisions of section 4 of this act for a district originally formed hereunder, and having boundaries the same as the boundaries of said district as consolidated; *provided*, that the members of the boards of trustees of the several districts thus consolidated who are in office at the time of consolidation shall continue to serve as members of the board of trustees of the consolidated district during the remainder of the terms for which they have been respectively appointed.

SEC. 16. A new section is hereby added to said act, to be numbered 13, and to read as follows:

Sec. 13. In the original resolution proposing consolidation the board of trustees shall specify the name proposed for the consolidated district, and if such consolidation is effected the consolidated district under said name shall succeed to all of the rights, privileges and properties of all of the districts participating in such consolidation, and shall be subject to all of the indebtedness thereof.

SEC. 17. A new section is hereby added to said act, to be numbered 14, and to read as follows:

Sec. 14. Whenever used in this act the term "county" means and includes any county or city and county, and the term "counties" means and includes any and all "counties" or "cities and counties" in this state."

MESSAGES FROM THE GOVERNOR.

The following messages from the Governor were received and read:

EXECUTIVE DEPARTMENT, STATE OF CALIFORNIA.

SACRAMENTO, April 30, 1929.

*To the Senate of the State of California*

I am herewith returning Senate Bill No. 604 without my approval.

The purpose of this bill was to facilitate the handling of the business of the State Compensation Insurance Fund by extending authority for the creation of a cash revolving fund for current disbursements.

I am advised by all persons interested that the bill probably fails to serve this purpose as definitely as desired. It is, therefore, concluded that the bill should be vetoed and a revised bill introduced which will more specifically meet the situation which Senate Bill No. 604 was designed to meet.

For this reason I am withholding my approval of this bill, in order that the desired purposes may be served in the one being prepared to take its place.

Respectfully submitted.

C. C. YOUNG, Governor.

Senate Bill No. 604 ordered to unfinished business.

Also:

EXECUTIVE DEPARTMENT, STATE OF CALIFORNIA.

SACRAMENTO, April 30, 1929.

*To the Senate of the State of California.*

Senate Bill No. 209 is herewith returned without my approval.

This is one of a number of bills providing for pensions or retirement salaries, which, if finally adopted, must inevitably entail very considerable appropriations of public funds. For this reason I believe that in advance of the enactment of such laws, an expression as to policy should be sought from the voters and taxpayers, which shall confer the necessary authority upon the Legislature and boards of supervisors.

The present bill does not do this, but gives the entire power to enact this pension legislation to a four-fifths vote of the supervisors, without allowing the people a chance to pass upon it. I believe that this is unwise, particularly in counties under a charter form of government. In fact, I am informed by the office of the Attorney General that a charter provision is the logical way to establish a pension system in such counties, just as is now done in the case of chartered cities.

There are other objections to the bill from an actuarial standpoint, which need not here be enlarged upon in view of my conviction that in any event a policy of this nature should be determined by the people. Accordingly upon consultation with the authors, and with their concurrence, I am withholding my approval.

Respectfully submitted.

C. C. YOUNG, Governor.

Sec. 2. Within ten months after the adoption hereof, a special election shall be held throughout the State, on a day to be fixed by proclamation of the Governor, whereat 80 delegates, one from each Assembly District who may or may not be members of the Legislature, shall be elected, having the same qualifications and being chosen in the same manner as members of the Assembly, to form a convention, to meet in the State Capitol, for the purpose of framing a new constitution for the State of California. Such convention shall assemble and organize for the transaction of its business within three months after said election of delegates, on a day to be fixed by proclamation of the Governor, and shall thereafter continue in session in the State Capitol until it shall have completed its business of framing a new constitution and provided for submitting the same to the vote of the people of the State for adoption or rejection. The compensation of each member of said convention in full payment for all services rendered, shall be fixed by the Legislature, but each delegate shall be entitled to the same mileage as is allowed to an Assemblyman, and the convention shall have authority to employ such clerks and other attaches as may be reasonably necessary for the transaction of its business and the accomplishment of its purpose, in addition to such experts as the convention shall deem necessary, and it shall be the duty of the Legislature to provide by law for the payment of all and singular the expenses of said election of delegates and their compensation and mileage and other expenses of said convention herein authorized. The election officers in each and every voting precinct in the State shall ascertain and make returns of the number of votes cast in favor of the new constitution and the number of votes cast against the new constitution, as aforesaid, in like manner and with the same particularity as other votes are by law required to be counted and returned, and an abstract thereof shall be transmitted by the several county clerks and registrars of voters throughout the State to the Secretary of State, in the same manner and within the same time as votes for State officers are by law required to be transmitted. MESSAGE FROM THE GOVERNOR.

The following message from the Governor was received and read:

EXECUTIVE DEPARTMENT, STATE OF CALIFORNIA.

SACRAMENTO, MAY 1, 1929

*To the Senate of the State of California*

Senate Bill No. 711 is returned herewith without my approval.

The bill seeks to afford further protection to creditors of live stock and poultry men buying their stock under conditional sales agreements. I am in accord with the desirability of securing to creditors the collectability of their claims, but there are certain defects in the bill as now drawn which prevent my approval.

The language used would embrace conditional sales agreements heretofore executed. The Attorney General's office and the sponsors of the bill agree that in all probability this can not be done constitutionally. Enforcement of the law would thus invite unnecessary litigation, a thing which is to be avoided.

The conditional seller or his assignee would be required to repossess the stock before he could record the seven days' notice contemplated, incurring the costs of transportation, care and feeding during the interim and would be left with a probably worthless claim against the buyer for his expenses unless some of the buyer's creditors should see fit to redeem. The bill leaves the repossessing party without a privilege of recording notice before assuming the expense of repossession. No provision is made with respect to giving him adequate leeway in control over the stock during the seven days' interim. If the State is to interpose a period of this sort on the chance that creditors of a buyer will in instances exercise the buyer's redemption rights, it should be done with fairness to the seller.

Had a measure been presented containing appropriate provisions on these points, it would not have been so objectionable. But for the reasons indicated, the present bill is returned without my approval.

Respectfully submitted.

C. C. YOUNG, Governor.

SUSTAINING GOVERNOR'S VETO.

## COMMUNICATION.

The following communication was received, and ordered printed in the Journal:

OFFICE OF LEGISLATIVE COUNSEL, May 1, 1929.

*Memorandum to Senator Breed.*

The question has been put to this bureau as to just what relation the Special Committee of One amendments offered by Senator Young to Senate Bill No. 434 have to the action of the Senate taken on April 23d, amending said bill.

We find that Amendment No. 1 as offered has no relation to the amendments adopted on April 23d.

Secondly, we find that Amendment No. 2 as offered strikes out of Senate Bill No. 434 one of the amendments as adopted on the night of April 23d, being Amendment No. 2, and places back into the bill the matter which at that time was amended from the measure, except for the use of the words "waste or spoilage" which we consider meaning "deterioration" as used in the bill.

ROBERT S. LAMBORN.

The question being on the passage of the bill.

The roll was called, and Senate Bill No. 434 passed by the following vote:

AYES—Senators Allen, Baker, Boggs, Breed, Canepa, Cassidy, Christian, Cobb, Crowley, Edwards, Fellom, Garrison, Handy, Jones, Ray, Lyon, Maloney, McCormack, McKinley, Mueller, Nelson, Pedrotti, Rochester, Sharkey, Slater, Swing, Tubbs, Waggy, Weller, West, and Young—30.

NOES—None.

## AMENDMENT TO TITLE.

Senator Young moved to amend the title of Senate Bill No. 434 as follows:

## AMENDMENT NUMBER ONE.

On page 1, line 16, of the title of the printed bill, strike out the period following the word "purposes"; in said line, and insert in lieu thereof a comma and the following: "and prescribing the seasons in which sardines may be taken."

Amendment adopted.

Title, as amended, read and approved.

Bill ordered to print, and transmitted to the Assembly.

## MESSAGE FROM THE GOVERNOR.

The following message from the Governor was received and read:

EXECUTIVE DEPARTMENT, STATE OF CALIFORNIA.

SACRAMENTO, May 1, 1929.

*To the Senate of the State of California.*

Senate Bill No. 575 is herewith returned without my approval.

The measure requires the Commissioner of Corporations to maintain a branch office in San Diego. The commissioner advises me that such a law, in his opinion, is not justified by the existing facts. It is pointed out that the revenue from a San Diego office would carry but approximately 40 per cent of its maintenance cost; that from receipts aggregating \$101,887.34 to the Los Angeles office, but \$2,097.19 was attributable to business originating in the vicinity of San Diego; that out of 1484 permits, but 52 could be allocated to the San Diego territory. It thus appears that only 34 per cent of the Los Angeles applications, and 2.05 per cent of its fees, are derived from San Diego business. And finally, from 329 brokers' certificates, but 13 certificates were issued to San Diego applicants.

Thus it would appear that, for the present at least, the facts do not justify the establishment of this new office. I have discussed this with the author of the bill, and in view of the above facts disclosed by an investigation of the records of the department, it is agreed that there is no other justifiable attitude than to follow the present recommendation of the commissioner. For these reasons I am returning this bill without my approval.

Respectfully submitted.

C. C. YOUNG, Governor.

By Senator Inman:

SHRINERS' HOSPITAL FOR CRIPPLED CHILDREN,  
SAN FRANCISCO, CALIFORNIA, April 30, 1929.

*Hon. Jack M. Inman, Senate Chamber,  
Sacramento, California.*

MY DEAR SENATOR: We are in receipt today of a check from Arthur W. Gluckman, Potentate of Ben Ali Temple, in the amount of \$483.59, which is the result of a ball held in the Memorial Auditorium by the members of the Legislature and attaches.

Please express to each and every one of your committee, and those who assisted, our sincere gratitude for their thought of our institution, and assure them that such interest on their part is an incentive for those who are in active charge of the work to carry on and do just that much more for these underprivileged children.

We trust that should any member of the Legislature be in San Francisco he would spare a few minutes to come out and visit our hospital and see the environment these children are placed in. I am sure he would feel glad he had contributed to such a worthy cause.

With kind personal regards, I am

Yours very sincerely,

JOHN D. MCGILVRAY,  
Chairman, Board of Governors.

Any security given or delivered with, or as a bonus on account of, any purchase of securities or any other thing, shall be conclusively presumed to constitute a part of the subject of such purchase and to have been sold for value. "Sale" or "sell" shall also include a contract of sale, an exchange, an attempt to sell, an option of sale, a solicitation of a sale, a subscription or an offer to sell, directly or by an agent, or a circular letter, advertisement or otherwise; *provided*, that a privilege pertaining to a security giving the holder the privilege to convert such security into another security of the same company shall not be deemed a sale of such other security within the meaning of this definition; *and provided further*, that the issue or transfer of a right pertaining to a security and entitling the holder of such right to subscribe to another security of the same company shall not be deemed a sale of such security within the meaning of this definition; but the sale of such other security upon the exercise of such right shall be subject to the provisions of this section.

The word "broker" as used in this section includes every person, firm or corporation, other than an agent, who shall, in this state, engage either wholly or in part in the business of selling, offering for sale, negotiating for the sale of, or otherwise dealing in any security as defined in this section, issued by others, or of underwriting any issue of such securities, or of purchasing such securities with the purpose of reselling them, or of offering them for sale to the public.

The word "agent" as used in this section means and includes every person, firm or corporation employed or appointed by a company or broker who shall, within this state, either as an employee or otherwise, for a compensation, sell, offer for sale, negotiate for the sale of or take subscriptions for any security as defined in this section."

AMENDMENT NUMBER THREE.

On page 2, line 6, of the printed bill, as amended in Assembly April 11, 1929, after said line, add the following:

"The application for the permit shall be verified as provided in the Code of Civil Procedure for the verification of pleadings, and shall be filed in the office of the commissioner. In such application the applicant shall set forth the names and addresses of its officers, the location of its office, an itemized account of its financial condition, the amount and character of its assets and liabilities, a detailed statement of the plan upon which it proposes to transact business, a copy of any security it proposes to issue, a copy of any contract it proposes to make concerning the

same, a copy of any prospectus or advertisement, or other description of such securities, then prepared by or for it for distribution or publication, and such additional information concerning the company, its condition and affairs as the commissioner may require. If the applicant is a partnership or an unincorporated association or joint stock company, it shall file with its application a copy of its articles of partnership or association, and all other papers pertaining to its organization. If the applicant is a corporation, it shall file with its application a copy of all minutes of any proceedings of its directors or stockholders or members relating to or affecting the issue of such securities, and also a copy of its articles of incorporation and of its by-laws and of any amendments thereto. If the applicant is a corporation or association organized under the laws of any other state, territory, or government, it shall also file with its application a certificate, executed by the proper officer of such state, territory, or government not more than thirty days before the filing of such application, showing that such applicant is authorized to transact business in such state, territory, or government; and also, in such form as the commissioner may prescribe, its written instrument, irrevocably appointing the commissioner and his successor in office its true and lawful attorney upon whom all process in any action or proceeding against it may be served, with the same effect as if said corporation or association were organized or created under the laws of this state and had been lawfully served with process therein.

Upon the filing of such application, it shall be the duty of the commissioner to examine it and the other papers and documents filed therewith, and he may, if he deems it advisable, make or have made a detailed examination, audit, and investigation of the applicant and its affairs. If he finds that the proposed plan of business of the applicant is not unfair, unjust, or inequitable, that it intends to fairly and honestly transact its business, and that the securities that it proposes to issue and the methods to be used by it in issuing or disposing of them are not such as, in his opinion, will work a fraud upon the purchaser thereof, the commissioner shall issue to the applicant a permit authorizing it to issue and dispose of securities, as therein provided, in this state, in such amounts and for such considerations and upon such terms and conditions as the commissioner may in said permit provide. Otherwise, he shall deny the application and refuse such permit and notify the applicant in writing of his decision. Every permit shall recite in bold type that the issuance thereof is permissive only and does not constitute a recommendation or endorsement of the securities permitted to be issued. The commissioner may impose conditions requiring the deposit in escrow of securities, the impoundment of the proceeds from the sale thereof, limiting the expense in connection with the sale thereof and such other conditions as he may deem reasonable and necessary or advisable to insure the disposition of the proceeds of such securities in the manner and for the purposes provided in such permit. The commissioner may, from time to time for cause, amend, alter or revoke any permit issued by him hereunder, or temporarily suspend the rights of the applicant under such permit. The commissioner shall have the power to establish such rules and regulations as may be reasonable or necessary to carry out the purposes and provisions of this section.

Every company authorized by the commissioner to sell securities shall thereafter, at such times as it may be required by the commissioner, make and file in the office of the commissioner a report, setting forth, in such form as the commissioner may prescribe, the securities sold by it under the authority of any permit issued by him, the proceeds derived therefrom, the disposition of such proceeds, and such other information concerning its property, officers, or affairs, relating to or affecting the value of such securities, as the commissioner may require.

No person, firm or corporation shall act as an agent or broker unless he shall have first applied for and secured from the insurance commissioner a certificate, then in effect, authorizing him so to do.

Every such certificate shall expire on the first day of July next after its issue, unless sooner suspended or revoked. To secure such certificate, the applicant shall make and file in the office of the commissioner an application therefor in writing, verified by or in behalf of the applicant. In such application, the applicant shall set forth, in addition to such other information as may be required by the commissioner:

1. The name and address of the applicant, and if it be a corporation, association, or joint stock company, the name and address of each of its managing officers and agents, and, if it be a partnership, the name and address of each of the partners;

2. A succinct statement of facts showing that the applicant and its managing officers and agents, if it be a corporation, or members, if it be a partnership, have a good business reputation;

3. If the applicant is a broker, the general plan and character of the business of the applicant.

At the time of filing an application for a broker's certificate, the applicant shall file with the commissioner a good and sufficient bond for five thousand dollars, payable to the people of the State of California, for the use and benefit of any interested person, executed by said applicant and by sufficient surety or sureties, and to be approved by the commissioner. Said bond shall be conditioned upon the strict

compliance with the provisions of this section, and the honest and faithful application of all funds received and the faithful and honest performance of all obligations and undertakings in the purchase or sale of securities, by said broker, his agents and employees. Said bond shall be further conditioned upon the payment of all damages suffered by any person damaged or defrauded by reason of the violation of any of the provisions of this section, or by reason of any fraud connected with or growing out of any transaction contemplated by the provisions of this section. Any person who sustains an injury covered by such bond, may, in addition to any other remedy that he may have, bring an action in his own name upon said bond for the recovery of any damages sustained by him. Upon such action being commenced the commissioner may in his discretion, require the filing of a new bond, and immediately upon the recovery in any action on such bond, such broker shall file a new bond, and upon failure to file the same within ten days in either case such failure shall constitute sufficient grounds for the suspension or revocation of such broker's certificate.

If the applicant is a corporation or association organized under the laws of any other state, territory or government, it shall file with its application a copy of its articles of incorporation or association, together with a certificate executed by the proper officer of such state, territory, or government not more than thirty days before the filing of such application, showing that such applicant is authorized to transact business in such state, territory, or government, and also in such form as the commissioner may prescribe, its written instrument, irrevocably appointing the commissioner and his successor in office its true and lawful attorney upon whom all process in any action or proceeding against it arising out of or founded upon the fraud of such applicant in the sale of securities within this state, or in any action upon any bond provided by this section, may be served with the same effect as if said corporation or association were organized or created under the laws of this state and had been lawfully served with process therein.

The commissioner shall examine such application and shall make such further investigation of the applicant and its affairs as he shall deem advisable. If from such examination, the commissioner shall be satisfied of the good business reputation of the applicant and of its officers or members, if any, that the sale of the securities proposed to be sold by it would not be unfair, unjust or inequitable to the purchaser thereof, that neither it nor its officers or members have violated any of the provisions of this act and that neither it nor its officers or members have engaged or are about to engage in any fraudulent transaction he shall issue such certificate. Otherwise, he shall refuse the same and deny the application and notify the applicant of his decision. The commissioner may at any time temporarily suspend or revoke any broker's or agent's certificate issued by him if he shall find that the holder thereof is of bad business repute, or has violated any provision of this act, or has engaged, or is about to engage in any fraudulent transaction.

Every broker shall, at such times as it may be required by the commissioner, make and file in the office of the commissioner a true and correct statement concerning any security sold or offered for sale by such broker, showing the name and location of the principal office of the issuer of such security, the names of its managing officers, if it is a corporation, or of its members, if it is a partnership; its assets, liabilities, and issued capital stock, at the close of its fiscal year then last ended, or at a later date; its gross income, expenses, and fixed charges for the year next preceding such date, or for such time as such issuer of such security has transacted business, if for less than one year, and the approximate price at which such broker has sold or proposes to sell such security, together with such other information, of which the broker may have knowledge, as the commissioner may require, nor shall any broker sell or offer for sale any security after notice in writing given to it by the commissioner that in his opinion, the sale thereof would be unfair, unjust, or inequitable to the purchaser thereof, unless the commissioner shall subsequently in writing withdraw such objection to the sale thereof.

No person, partnership, association, or corporation, other than a broker holding a broker's certificate, then in effect, shall issue, circulate, or publish any advertisement, pamphlet, prospectus, or circular concerning any security, to be issued by any company, that such person, partnership, association, or corporation desires or proposes to sell, until the company proposing to issue such security shall have first secured from the commissioner a permit authorizing it to issue or sell such security; nor shall any company, broker, or agent, or any other person, issue, circulate, or publish any advertisement, pamphlet, prospectus, or circular concerning any security sold or offered for sale by it, unless the name of the company, broker, agent, or person issuing, circulating, or publishing the same shall be subscribed thereto, and a true copy thereof shall have been first filed in the office of the commissioner at least one day prior thereto; provided, however, that the filing of a copy of such advertisement, pamphlet, prospectus or circular, as herein provided, shall not be required in any case in which the commissioner shall have authorized or consented to the issuance, circulation or publication thereof; nor shall any company, broker, or agent, or any other person, issue, circulate, or publish any such advertisement, pamphlet, prospectus, or circular after notice in writing given to it by the commissioner that, in his

opinion, the same contains any statement that is false or misleading or otherwise likely to deceive a reader thereof.

All papers, documents, reports, and other instruments in writing filed with the commissioner under this section shall be open to public inspection; *provided*, that if, in his judgment, the public welfare or the welfare of any company, demands that any portion of such information be not made public, he may, in his discretion, withhold such information from public inspection for such time as in his judgment is necessary. The commissioner may at any time give, issue, or make public any information concerning any company or any contracts, stocks, bonds, or other securities, sold or offered for sale within this state, if in his judgment the giving, issuing, or publishing of the same will be of public interest or advantage or will tend to prevent the fraudulent sale of such securities.

Every order, decision, permit or other official act of the commissioner made, issued or done under the provisions of this section, shall be subject to review, in accordance with the provisions of chapter one of title one of part three of the Code of Civil Procedure. Upon such review, the burden of proof shall lie upon the appellant, and the court shall receive and consider any pertinent evidence, whether oral or documentary, concerning the action of the commissioner under review, but shall be limited to a consideration and determination of the question whether there has been an abuse of discretion on the part of the commissioner in making such order, decision, or permit.

Every security issued by any company, without a permit of the commissioner authorizing the same then in effect, shall be void, and every security issued by any company, with the authorization of the commissioner but not conforming in its provisions to the provisions, if any, which it is required by the permit of the commissioner to contain, shall be void.

Every company which shall directly or indirectly offer for sale, or negotiate for the sale of or sell, or issue, or cause to be issued any security contrary to the provisions of this section, or of the constitution of this state, or in nonconformity with a permit of the commissioner authorizing the same, or which applies the proceeds from the sale thereof, or any part thereof, to any purpose other than the purpose or purposes, if any, specified in such permit, or to any purpose specified in such permit in excess of any amount limited in such permit to be used for such purpose, shall be guilty of a public offense and shall be punishable by a fine not exceeding ten thousand dollars.

Every officer, agent, or employee of any company, and every other person, who knowingly authorizes, directs, or aids in the issue or sale of, or issues or executes, or sells, or causes or assists in causing to be issued, executed, or sold, any security, in nonconformity with a permit of the commissioner then in effect authorizing such issue, or contrary to the provisions of this section, or of the constitution of this state, or who, in any application to the commissioner, or in any proceeding before him, or in any examination, audit, or investigation made by him or his authority, knowingly makes any false statement or representation, or who, with knowledge of its falsity, files or causes to be filed in the office of the commissioner any false statement or representation concerning such company or the property which it then holds or proposes to acquire, or concerning its officers or its financial condition or other affairs, or concerning its proposed plan of business, or who, with knowledge of the falsity of any such statement or representation, issues, executes, or sells, or causes to be issued, executed, or sold, any security, without first informing the commissioner of the falsity of such statement in writing, or who, directly or indirectly, knowingly applies, or causes or assists in causing to be applied, the proceeds, or any part thereof, from the sale of any security to any purpose contrary to the provisions of the permit authorizing the issue of such security, or to any purpose specified in such permit in excess of any amount limited in such permit to be issued for such purpose, or who, with knowledge that any security has been issued or executed, in violation of any of the provisions of this section, sells or offers the same for sale, or who, with knowledge that any advertisement, pamphlet, prospectus, or circular concerning any security contains any statement that is false or misleading, or otherwise likely to deceive a reader thereof, issues, circulates, or publishes the same, or shall cause the same to be issued, circulated, or published, or who, in any respect, wilfully violates or fails to comply with any of the provisions of this section, or who, in any other respect, wilfully violates or fails, omits, or neglects to obey, observe, or comply with any order, permit, decision, demand, or requirement, or any part or provision thereof, of the commissioner under the provisions of this act, or who with one or more other persons conspires to violate any permit or order issued by the commissioner or any of the provisions of this act, is guilty of a public offense and shall be punished by imprisonment in the state prison not exceeding five years, or in a county jail not exceeding two years, or by a fine not exceeding five thousand dollars, or by both such fine and imprisonment.

The commissioner in the exercise of his powers and the performance of his duties in accordance with this section shall charge and collect the following fees:

1. For filing an original or supplemental application for a permit to issue securities, ten dollars, plus

One-twentieth of one per cent of the amount of any excess of the aggregate value of the securities sought to be issued over twenty thousand dollars and not exceeding fifty thousand dollars;

One-twenty-fifth of one per cent of such amount in excess of fifty thousand dollars and not exceeding one hundred thousand dollars;

One-fiftieth of one per cent of such amount in excess of one hundred thousand dollars and not exceeding five hundred thousand dollars; and

One one-hundredth of one per cent of such amount in excess of five hundred thousand dollars.

For the purpose of determining the above fees:

(a) The value of such securities shall be deemed to be their par or face value unless the consideration for such securities is in excess of such par or face value, in which case the value will be deemed to be the amount of the consideration so received.

(b) Where the securities proposed to be issued have no nominal or par value, the value of such securities shall be deemed to be the price at which the company proposes to sell or issue the same, or the value, as alleged in the application, of the consideration (if other than money) to be received in exchange therefor; *provided, however*, until a new value shall have been established, that each share of no par value stock proposed to be issued shall be deemed to have a value equal to the value which has been established by previous sales for money or other property of other shares of the same class.

(c) Rights, warrants or other certificates evidencing stockholders' rights to purchase additional securities shall be deemed to have a value equal to the difference between the selling price of the securities represented by such rights, warrants or other certificates and the market value of the securities so represented at the date of filing of application.

(d) Where an application is made to issue securities containing a provision entitling the holder or holders thereof to convert or exchange the same for a different class of securities, the value of the securities to be so issued shall be deemed to be an amount equal to twice the amount of the consideration to be received for the securities containing the conversion or exchange provision.

2. For filing any application for a broker's certificate twenty-five dollars.

3. For filing any application for an agent's certificate five dollars.

4. For any examination, audit, or investigation, ten dollars per day or fraction thereof, if made by the commissioner, or the actual amount of the salary or other compensation paid to any deputy or other employee of the commissioner, if made by a deputy or other employee, for each day or fraction thereof that such commissioner, deputy, or other employee shall necessarily be absent from his office for the purpose of making such examination, audit, or investigation, plus the actual amount of expenses reasonably incurred in the performance of such work.

5. For filing any application for an amendment to an existing permit to issue securities, or for a permit to negotiate for the sale of securities, ten dollars.

No fees shall be charged or collected for copies of papers, records, or official documents furnished to public officers for use in their official capacity or for the reports of the commissioner in the ordinary course of distribution.

## MESSAGE FROM THE GOVERNOR.

The following message from the Governor was received and read:

EXECUTIVE DEPARTMENT, STATE OF CALIFORNIA,  
SACRAMENTO, May 4, 1929.

*To the Senate of the State of California.*

Senate Bill No. 475 is returned herewith without my approval.

This bill was designed to give the Building and Loan Commissioner jurisdiction over the sale of guarantee and permanent nonwithdrawable stock. There is no criticism of the purpose, but the bill inadvertently eliminates other matter in the Civil Code section with which it deals, elimination of which was not intended. The results of this undesigned change in the law might be seriously prejudicial to the interests of companies.

The commissioner and the draftsman of the bill, at whose request it was introduced, concur in these views and ask that I withhold my approval. I am fortunately able to do this without affecting the principle involved, inasmuch as the desired changes have been included in another bill already signed, and in a new measure now in course of enactment. Accordingly, the bill is returned herewith without approval.

Respectfully submitted,

C. C. YOUNG, Governor.

MESSAGES FROM THE GOVERNOR.

The following messages from the Governor were received and read:

EXECUTIVE DEPARTMENT, STATE OF CALIFORNIA.

SACRAMENTO, May 4, 1929.

To the Senate of the State of California.

Senate Bill No. 172 is herewith returned without my approval.

This bill amends the so-called Pay Check Law in certain particulars. Through inadvertence an expressed proviso, now found in the law, was omitted. The proviso

exempts counties, cities and counties, municipal corporations, quasi municipal corporations and school districts from the law. The chief of the Division of Labor Statistics and Law Enforcement, at whose suggestion the bill was introduced, has advised me that this omission was unintentional. The author of the bill is of the same view.

Accordingly, a new bill has been prepared, identical with the present one, but preserving the proviso which is necessary to school districts and other public agencies. For these reasons, and with the concurrence of the interested parties, I am returning the bill without approval.

Respectfully submitted,

C. C. YOUNG, Governor.

#### SUSTAINING GOVERNOR'S VETO.

The question being: Shall Senate Bill No. 172 become a law notwithstanding the objections of the Governor?

The roll was called, and the objections of the Governor sustained by the following vote:

AYES—None.

NOES—Senators Allen, Baker, Breed, Carter, Christian, Cleveland, Cobb, Duval, Edwards, Handy, Jones, Ray, Mahoney, McCormack, McKinley, Merriam, Murphy, Pedrotti, Slater, Wagy, Weller, and West—21.

Also:

EXECUTIVE DEPARTMENT, STATE OF CALIFORNIA.

SACRAMENTO, May 4, 1929.

*To the Senate of the State of California.*

Senate Bill No. 743 is returned herewith without my approval.

This bill, which provides for a grant of tidelands to the city of Martinez, was unobjectionable as originally introduced. However, an amendment was incorporated giving to each adjoining upland owner of a 1000 foot frontage or less the right to cross to tide waters over a right of way 100 feet in width, to be selected by each such owner within two years. I am advised by the Attorney General's office and the Legislative Counsel that such a provision, in their opinion, is unconstitutional. If so, the bill should obviously not become a law.

Even should the constitutionality of the provision be upheld, it lays down a policy with which I can not concur. Upland owners have a constitutional right of reasonable access to tide waters whether the lands remain in the State or be granted to a political subdivision. No need arises to give them these novel and definite rights of way because administration of the tidelands is vested in a political subdivision. Indeed, on the face of the bill, the entire tideland frontage might become such that the great percentage would be dedicated to rights of way and but a small percentage to harbor and industrial development.

Senator Sharkey, who introduced the bill upon request, agrees with these views, and states that it is possible that another bill will be introduced without the provision to which I have above referred. The draftsman of the bill admits that, in its present form, it is of doubtful benefit. Accordingly, I am unable to give my approval to the bill.

Respectfully submitted,

C. C. YOUNG, Governor.

## COMMUNICATION.

The following communication was received and ordered printed in the Journal:

By Senator Young:

SAN FRANCISCO, CALIFORNIA, May 6, 1929.

To the Honorable Members of the  
Senate Committee on Fish and Game.

GENTLEMEN: In compliance with the requirements of a resolution offered by Senator Carter directing the Fish and Game Commission to render a report on its receipts and expenditures under the provisions of an act of the Legislature, approved May 28, 1917, Statutes 1917, page 1275, the following report is submitted:

Since the adoption of the above mentioned act a total of \$654,894.34 had been received up to June 30, 1928. During this same period a total of \$1,194,253.53 had been expended for conservation work in connection with the commercial fisheries of the State. The provisions of the act require that the money collected "shall be expended in conservation work for the benefit of commercial fishing industries within the districts from which the revenues are derived."

The records of the Division of Fish and Game show that in the Northern California district during the period ending June 30, 1928, \$28,873.89 were received under the provisions of the act, and \$361,722.62 were expended in conservation work for the benefit of the commercial fishing industries in this district.

In the Monterey district \$274,435.09 were received, and \$282,021.10 were expended in conservation work for the benefit of the commercial fisheries industries in this district.

In the Southern California district \$354,085.36 were collected and \$550,508.87 were expended in conservation work for the benefit of commercial fishing industries within this district.

These figures reveal that \$539,358.25 more money was expended in conservation work for the benefit of the commercial fishing industries than was received during the period under consideration, and that the expenditures in each of the three districts into which the State has been divided for the administration of the commercial fishing laws, has exceeded the amounts received from the license and tax provided by the act of the Legislature, approved May 28, 1917, Statutes 1917, page 1275.

A detailed statement of the receipts and expenditures since July 27, 1917, to June 30, 1928, is attached. The method of accounting in use during a part of this period, and the destruction of certain records by direction of the Department of Finance for the period prior to June 30, 1922, has made it necessary to estimate certain of the items involved in this report, but the estimates used are based upon other records on file with the Bureau of Commercial Fisheries of this division, and accurately reveal the information desired by your committee.

During the present fiscal year approximately \$150,000 will have been received from the license and privilege tax provided by the above mentioned act, and during this year approximately \$230,000 will have been expended for conservation purposes for the benefit of the commercial fishing industries of the State.

The budget for the ensuing fiscal year provides for an expenditure of approximately \$163,000, to which should be added an expenditure of \$10,000, as approved by the Fish and Game Commission, for continuation of the botulism project, which was to have been completed at the close of the present fiscal year and for which work the division has already contributed \$45,000. It is expected that the revenue which will be received and which the commission is directed to expend for conservation purposes for the benefit of the commercial fishing industries in the district where it is collected, will total approximately \$150,000 during the ensuing year.

Respectfully submitted,

FISH AND GAME COMMISSION.  
By JOHN L. FARLEY, Executive Officer.

#### MESSAGE FROM THE GOVERNOR.

The following message from the Governor was received and read:

EXECUTIVE DEPARTMENT, STATE OF CALIFORNIA,  
SACRAMENTO, May 7, 1929.

*To the Senate of the State of California.*

I am herewith returning Senate Bill No. 188 without my approval.

This bill permits the State, counties, and cities in their purchases to pay 5 per cent more for California manufactured articles than for those manufactured elsewhere. At first thought this proposition seems attractive, and I can fully realize that the author and sponsors of the measure put it forward because they believed it would be of value to the State.

However, there are reasons which lead me to believe that a departure of this kind and at this time would be unwise. Following are some of the reasons which convince me that this bill should not be signed:

1. In the first place I would have grave doubts as to its constitutionality. It would almost seem like a California protective tariff as far as this class of goods and this class of purchasers are concerned—a relation between states which would of course be an impossible one.

2. Even if the question of constitutionality be waived it would seem especially unwise for California, with its vast export of agricultural and other products into other states, to discriminate against those states as regards their products, except for such unavoidable reasons as protective quarantines. Once started on such a course we would inevitably invite a disastrous retaliation. One of the finest endeavors in which the Legislature and our State officers are now united is the seeking of means for expanding markets for California products. To announce such a policy as this bill contemplates could easily undo much of the constructive work already done in the interest of marketing our own products.

3. I am doubtful, much as we might like to aid our manufacturing industries, whether we have a right to add to the burdens of all taxpayers by a differential in favor of one class of taxpayers. Five per cent added to the cost of this class of purchases by the State and its political subdivisions would involve a very large sum of money.

4. By reason of ambiguities in the text of the bill, it would be difficult to determine whether certain frequent situations present proper cases for the granting of such a preference. The bill is directed to the "letting of contracts for public

work" as well as to the purchase of materials and supplies and in either case purports to accord a preference to persons and concerns "manufacturing same in the State." The meaning of the latter expression is not at all clear in relation to a contract for public work and might lead to costly uncertainties in the letting of such contracts.

5. A preference is now accorded to California products by provisions of existing law. If price, fitness and quality are equal, materials and supplies produced in this State must be preferred when purchases are made for public use. This indicates a policy which it would appear unwise to disturb. With our abundance of fuel oil and of power, I do not believe that many California manufacturers need this additional aid. Our State is destined for a great industrial development, and I believe our industries are capable of standing on their own feet in competition with other states whose products must be shipped here.

Therefore, considering the position of California as one of the largest and richest states of the Union, and the relations which as a selling State she must maintain with her sister states, I feel that our people as a whole would not now wish to enter upon a new policy of this kind. For this reason I am withholding approval of the bill.

Respectfully submitted.

C. C. YOUNG, Governor.

Whenever the Water Finance Committee shall have determined that a bond issue under this article is necessary or desirable to carry such plans and projects into execution, it shall adopt a resolution to that effect. Said resolution shall authorize and direct the State Treasurer to prepare the requisite number of suitable bonds and shall specify:

1. The aggregate number, aggregate par value, and the date of issuance of the bonds to be issued.

2. The date or dates of maturity of the bonds to be issued and the number and numerical sequence of the bonds maturing at each date of maturity.

3. The annual rate of interest which the bonds to be issued shall bear.

4. The number, numerical sequence, amount or amounts and the dates of maturity of the interest coupons to be attached to the said bonds.

5. The technical form and language of the bonds to be issued and of the interest coupons to be attached thereto.

In determining the date or dates of maturity of the said bonds and the amount of bonds maturing at each date of maturity, the Water Finance Committee shall be guided by the amounts and dates of maturity of the revenues estimated to accrue to the Water Finance Committee from the unit or units to be financed, in whole or in part, by each issue, and shall fix and determine said dates and amounts in such manner that, together with the dates and amounts of interest payments on the said bond issue, they shall coincide, as nearly as practicable, with the dates and amounts of such estimated revenues; *provided*, that the bonds last to mature in each issue shall mature not later than 70 years from the date of issuance thereof.

The rate of interest to be borne by the said bonds shall be uniform for all the bonds of the same issue and shall be determined and fixed by the Water Finance Committee according to the then prevailing market conditions, but shall in no case exceed six per cent per annum, and the determination of said committee as to the rate of interest shall be conclusive as to the then prevailing market conditions. The interest coupons to be attached to the said bonds shall be payable at semiannual intervals from the date of issuance of said bonds; *provided*, that the interest coupon first payable may, if the Water Finance Committee shall so determine and specify, be payable one year after the date of issuance of said bonds.

SEC. 13. All actual and necessary expenses of the Water Finance Committee and of the members thereof shall be paid out of the fund into which the proceeds from the sale of said bonds shall be covered, upon approval of the State Board of Control and on Controller's warrant duly drawn for that purpose, and shall constitute expenses of the Water Finance Committee.

SEC. 14. The sum of \$20,000 is hereby appropriated to pay the expenses that may be incurred by the State Treasurer in the printing and lithographing of said bonds. Said amount shall be paid out of the general fund of the State treasury on the State Controller's warrants duly drawn for that purpose.

SEC. 15. All provisions of this article shall be self-executing and shall not require any legislative action in furtherance thereof; *provided, however*, the Legislature may, in addition to the powers hereinbefore given, enact laws for the administration of this article by other agencies than those herein mentioned, and the duties of the agencies herein mentioned and such other duties as may be deemed necessary or convenient for the carrying out of the provisions of this article, shall thereby be transferred or imposed upon the agencies created or designated by such enactment.

EXECUTIVE DEPARTMENT, STATE OF CALIFORNIA,  
SACRAMENTO, May 8, 1929.

*To the Senate of the State of California.*

Senate Bill No. 358 is herewith returned without my approval.

This bill amends certain sections of the Improvement Bond Act of 1911, but unfortunately contains a technical defect which so detracts from its value that I have been requested by the author to withhold my approval.

It so happens, however, that another bill carrying the amendments desired was introduced in the Assembly, and it is believed that this bill will fully meet the requirements of Senate Bill No. 358, without being subject to its defects.

Accordingly I am returning the bill without my approval.

Respectfully submitted.

There are two main reasons why the results of this study are important. First, the study shows that the use of a single, standardized, and validated instrument can be used to measure the same construct across different cultures and countries. This is a significant finding because it suggests that the instrument is valid and reliable for use in a wide range of contexts. Second, the study shows that the instrument can be used to measure the same construct across different levels of analysis. This is a significant finding because it suggests that the instrument is valid and reliable for use in a wide range of contexts.

These results are consistent with the hypothesis that the observed relationship is an artifact.
